

## 📄 Documentation moved.

We are sorry for the inconvenience. You followed a link to old and stale documentation that was no longer accurate or maintained. To avoid misleading you with incorrect information, we had to take the page down.

**Please proceed to the new documentation index.**  
**(<http://gluster.readthedocs.org>)**

Again, apologies for the trouble. We have reorganized our documentation and divided it into guides spanning from initial installation to more advanced administration and maintenance topics. We hope that you find them useful.
